

PAS 24

ENHANCED SECURITY ENTRANCE DOORSETS

Will the entrance doors in your buildings meet the standards?

Fire (BS 476 Pt 22)

Smoke (BS 476 Pt 31.1)

Enhanced security (Secured by Design / PAS 24:2016)

Ahmarra has developed a range of internal apartment entrance doorsets to meet enhanced security requirements. These doorsets have been specified by luxury apartment developers and leading social housing providers throughout London and the South East.

OFFERING YOU THE REASSURANCE OF A FULLY CERTIFIED AND COMPLIANT PRODUCT

We can offer a complete turnkey service, from initial survey on your existing doors and openings, to arranging replacements with new Q-Mark compliant doorsets. Giving you peace of mind that the doors will perform when under threat from fire, smoke or opportunist thieves.

Our security doors will protect people, property and assets within any home. They offer protection from theft, vandalism and attack, and are available in a variety of facings to suit any design requirement. Enhanced security doesn't mean you have to compromise on design!

Our SBD/PAS 24 doorsets are supplied as a complete pre-hung doorset available with all associated ironmongery factory fitted, on a supply only or supply and fit basis.
